HEXA CHAIR

LIFEGUARD CHAIRS

Hexa Chair is produced in Polypropylene which is resistant to sea water and chlorine. 100% recyclable.

Design and stability make it a true reference across the Atlantic.

There are 3 different heights.

There is also an optional hook which can be fitted for a life ring .

Equipped with a cup holder and slot to attach a Beach umbrella.

The steps and seat are anti slip.

Chosen by all the YMCA, the army and the largest water parks in america.

Finally, our Hexa Chairs float incase of vandalism...
