Commercial swimming pool cleaning solution

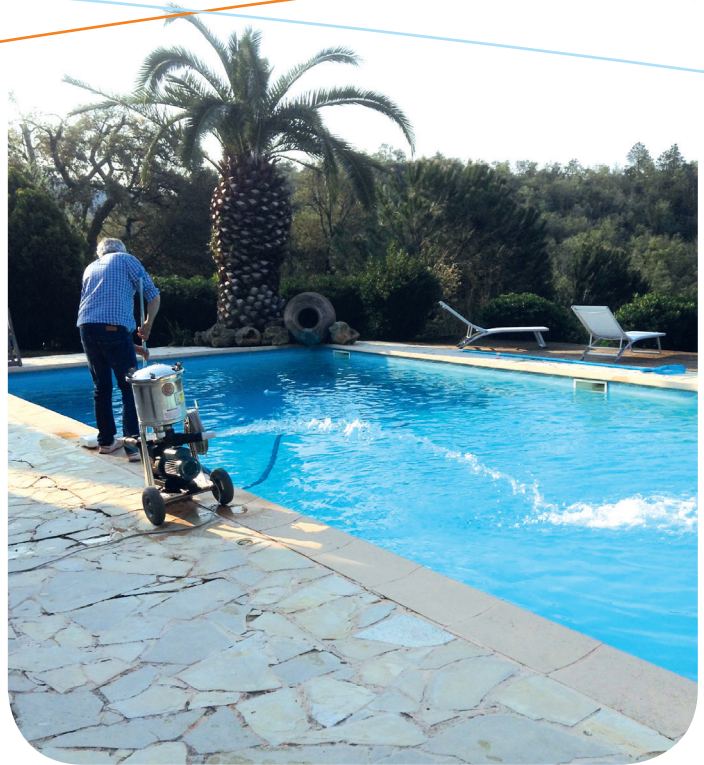

MANUAL VACUUM WITH INTEGRATED FILTRATION

Quick Vac' Filter

Perfect for all types of pools!

The Quick Vac' Filter system pulls hair, sand, debris, algae... in through its filter cartridge and discharges clean water back into the pool.

The Quick Vac' Filter comes complete with stainless steel tank, filter cartridge, trolley and high pressure pump, 25m floating hose, 3m power cable, universal hose adapter, and a 48 cm Fairlock mop head.

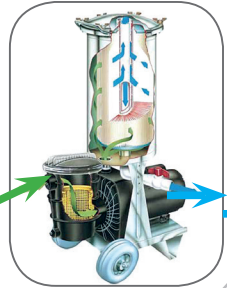

How the Quick Vac' Filter is environmentally friendly?

The Quick Vac' Filter filters water directly into its tank and then returns clean and clear water back to the pool, thus avoids wasting water.
