Solution for disabled access

Swimming for all !!!

unikart XD

MOBILE MOTORIZED DISABLED POOL LIFT

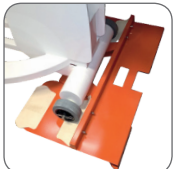

Without any specific installation, the Unikart XD Motorized has been designed to make all pools accessible to disabled persons or those with reduced mobility such as the elderly, pregnant etc.

With a specific IP 67 actuator, powered by a 24V battery, the Motorized Unikart XD is easy to use: press the button and the swimmer goes down into the pool, return button to go up.

40 cycles per battery charge.

- No need for anchoring
- Can be placed at different parts of the pool
- Stainless steel construction
- 136 kg lifting capacity
- 4 hours recharge time
- Complies with the Device Directive 89/392 and subsequent amendments.

Unikart XD Motorized

Delivered with braking carpet por pool edge
